WOULD ABOLISH ADA NORMAL

**BERRY OF McINTOSH WOULD
WIPE OUT DURANT, ADA AND
WEATHERFORD SCHOOLS.**

Oklahoma City, Jan. 16.—Among the batch of unusually interesting or worthy bills which were introduced in the house Wednesday was the first of the institution abolition measures. Berry of McIntosh county was the author and his bill listed the state normals at Ada, Durant and Weatherford for the executioner's ax. Hill of Pittsburg introduced a replica of the famous Texas Robertson law, under which all life insurance companies are required to invest at least 75 percent of their legal reserve on premiums collected within this state in securities of Oklahoma. Peery of Latimer was the author of a bill to require coal companies to

construct bathhouses, completely and comfortably equipped, for the use of the grimy miners as they emerge from the coal dust and blackness of the depths in which they have been laboring.

Harvison bids fair to go down in fame along with the author of the "nine-foot sheet" law, with a bill requiring all \$2-a-day hotels to maintain a night porter, with penalties of fines and imprisonment for failing to provide this convenience for patrons.

Curry of Tulsa foreshadows the day when the waters of the Arkansas, Grand, Cimarron, Canadian and other Oklahoma rivers will be harnessed length and breadth with water power plants with a bill authorizing the diversion and use of the waters for just such a purpose.

Hill of Washita will have the local fans wailing with a bill to prohibit Sunday baseball, as well as servile labor and other things on Sunday.

Curtis strikes a blow at political deposits of county funds, by a bill which would require the county treasurer to equitably divide his public deposits among all the banks of a county in proportion to their capital stock.

Durant introduces a bill, by request, for the proper sanitation of barber shops and shaves therein, as well as "shaves." Spengler introduced another of the anti-usury bills one exceptional feature of which is that it calls for the release of any property put up to secure such usurious loan, as well as other penalties.

Bishop introduced two exceptionally noteworthy bills, which propose to loan city, town and county sinking funds to residents of said cities or counties, upon real estate, in sums not to exceed one-third of the appraisement of such security, at 7 percent interest, and in loans not to exceed \$1,000 from the county funds and \$500 from the city or towns. The city council or commissioners or two trustees shall control the loaning of

TO REMOVE REMAINS OF REVOLUTIONARY HERO

Savannah, Ga., Jan. 16.—In order to make the final arrangements for the removal of the remains of Colonel "Light Horse Harry" Lee, a commissioner from the Virginia legislature passed through here today en route to Cumberland Island, where the famous Revolutionary hero, father of General Robert E. Lee, was buried more than a century ago. Despite

the objection made by the Georgia division of the Daughters of the American Revolution consent has been obtained to take the remains back to Virginia.

NOTHING EQUALS S.S.S. FOR OLD SORES

Nothing equals S. S. S. as a cure for Old Sores because nothing equals it as a blood purifier. The source and supply of every chronic sore is impure blood; the circulation is infected with germs and morbid accumulations which are being constantly deposited into the open place. This causes ulceration and inflammation of the flesh tissues and produces a condition upon which salves, washes, lotions, etc., can have no curative effects. The blood must be purified of all infectious matter before the circulation can nourish the flesh tissues and stimulate them to the healthy condition necessary to heal the sore. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the germs and morbid matters which are keeping the ulcer open. Then as new, rich blood is carried to the place, the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the ulcer is well. You are not wasting time when you use S. S. S., but you are giving yourself the benefit of the very best treatment for old sores. Book on Sores and Ulcers and any medical advice free. S. S. S. is sold at drug stores.

EASTERN OKLAHOMA AGRICULTURAL CONFERENCE

On Tuesday, February 1, a very important meeting of the Eastern Oklahoma Agricultural Conference will be held at Muskogee. Its object is to bring the business men, commercial organizations and farmers of Oklahoma closer together and all parties join in the effort to solve some of the problems which confront the citizens of this portion of the state. Not only farmers, but also commercial organizations are urged to send representatives. Reduced rates on all railroads for the occasion.

The Features of the Meeting

At the Eastern Oklahoma Conference, there will be present representatives of the demonstration work of the Federal Government who will tell of their methods and show the manner in which they can co-operate with the individual farmer. Every representative of this work is urged to have as many of his demonstrators and co-operators attend this meeting as he is able to do so. Representatives of the State A. & M. College will also be present, which institution stands ever ready to co-operate in every movement designed to benefit the farmer. The reading farmer will be told where he can secure State and Federal bulletins containing scientific expositions of agricultural methods. Farmers conspicuous for their success in Eastern Oklahoma will be present and state what they have accomplished and how they have done it. Agricultural experts of national prominence will address the meetings. Open discussions from the floor will follow the presentation of each subject. The problem of road improvement will be presented and discussed by those experienced in this line of work. The question of organizing district horticultural associations will be raised, and the plan adopted by the Horticultural Committee of the Muskogee Commercial Club will be presented for consideration. The specific purpose of this meeting is to induce better agricultural methods in the Eastern half of Oklahoma where similar agricultural conditions prevail. To this end plans will be presented for the organization of counties. The results attained in Pettis County, Missouri, will be presented by Mr. Carroll and Mr. Jordan of Sedalia, who have had charge of this work. The plans used in Pettis County, Missouri, Clinton County, Iowa, and other sections of the middle west have proved beneficial to such a degree as to make it imperative that Eastern Oklahoma consider the desirability of using methods conspicuous for their success in other states. This meeting will adopt a county plan. To encourage, direct and maintain such organizations a central body will be formed, composed of one or more representatives from each county. There will also be presented at the meeting a method whereby counties may avail themselves of the opportunity of securing \$1,000 a year for the betterment of agricultural conditions within their limits. No county should fail to have representatives present. Shortly following this conference, the M. K. & T. Ry. Co., will run over its lines in Eastern Oklahoma a special agricultural educational train with a view to assisting agricultural and stock raising by education and demonstration. Farmer's Institutes, news papers and Commercial Clubs should be especially active in pushing this meeting. With the proper co-operation this movement should result in doubling the agricultural output of Eastern Oklahoma in the next five years.

SERVE FOR BREAKFAST

SOME RECIPES THAT ARE WELL WORTH CONSIDERATION.

Egg Cutlets Will Be Found a Worthy Change From the Old Styles—French Cooks Send Hints Concerning Other Dishes.

Egg Cutlets.—Chop up three hard-boiled eggs very fine and mix with two tablespoons bread crumbs, one tablespoon grated cheese, a half gill curry sauce, one tablespoon cream and the yolk of one egg. Shape into small cutlets or barks, flour, egg and bread crumbs them, then fry; then drain well and serve, garnished with fried parsley.

Coquilles of Eggs.—Moisten some anchovy butter with sufficient good white sauce to bring it to the proper consistency; then stir into this some sliced hard-boiled eggs; place this mixture in well buttered shells, sprinkle the top of each shell with bread crumbs and, if liked, a little grated cheese; dot tiny pieces of butter over the surface and heat in the oven. For the anchovy butter, wash, bone and pound four anchovies; rub this up smoothly with from two to two and a half ounces of butter and use. Shrimp butter is also excellent used in the same way.

Oeufs Mollets.—Break some fresh eggs into a pan of boiling water and simmer them very gently for five minutes, after which lift them out very carefully and place them in cold water for ten minutes. Have ready some small fire-proof dishes, place an egg in each, pour a little tomato sauce over and around them and just put them in the oven till thoroughly hot, and serve.

Oeufs a la Livournaise.—Butter a fire-proof dish, dust it with a seasoning of salt and red pepper and sprinkle some finely chopped mushrooms on this; then slip four whole eggs into this dish, being careful not to break them; season with salt and freshly ground black pepper and pour a spoon of cream over each; then place in the oven till the eggs are set. Pass a red-hot shovel or salamander over them to color them, and serve.

Oeufs a la Creole.—Cook a pan of tomatoes with one green pepper (shredded) until the tomato is reduced by half, then pour it on to five rounds of buttered toast and place on each of these a poached egg and keep hot. Meanwhile melt one ounce of butter in a pan over the fire and let it color; then add a tablespoon of either lemon juice or vinegar; let it all come just to the boil and pour it over the eggs, seasoning them with salt and pepper.

Rice and Mushroom Croquettes.

Peel and cut one-half of a pound of mushrooms into small pieces, add two tablespoonsful of butter and simmer, covered, for half an hour. Add one-half of a cupful of well-washed rice, one tablespoonful of finely chopped onion, one-half teaspoonful of salt, one-quarter of a teaspoonful of white pepper and one pint of water, and simmer until the rice is tender. More water may be added if necessary to keep from burning. When done, stir in two well beaten eggs; take quickly from the fire, add one tablespoonful of finely chopped parsley and put away until cold and firm. Form into small croquettes, dip each into slightly beaten egg, roll in fine crumbs and fry in smoking hot fat.

Date Charlotte.

Half a pound of good dates, one cupful and a half of water, three tablespoonsful of honey, the strained juice of one orange, a few drops of red coloring, one heaping tablespoonful of gelatin and two cupfuls of whipped cream. Take the stones out of the dates. Put the water, honey and gelatin into a saucepan, then add the dates, cut in halves, the orange juice and the red coloring. Cook slowly until the dates are soft. Pour into a wet ring mold and set away in a cool place. Turn out when set and serve with the whipped cream in the center.—Marion Harris Neil.

White Cake.

Cream four ounces of crisco or other shortening with one and one-half cups of finest granulated sugar and one-half teaspoon salt, add water and flour alternately, using altogether three-fourths cup of water and three cups of cake flour which has been sifted with three level teaspoons baking powder. Add last the whites of six eggs beaten until stiff, and flavor with one teaspoon vanilla. Bake in two layers, placing the tins in a cool oven, and gradually increase the heat. Put together with any icing desired.

Walnut Wafers.

Cream one-half cupful butter and add gradually, while beating constantly, one cupful of sugar. Then add two eggs, well beaten, two squares of chocolate, melted, one cupful of chopped English walnut meats, one-fourth teaspoonful of salt, one-half teaspoonful of vanilla and two-thirds cupful of bread flour. Drop by teaspoonfuls on a buttered tin sheet, about two inches apart, and bake in a moderate oven.

Yankee CROUT.

Slice one-half of a head of a good, solid cabbage and three medium-sized onions; put into a small agateware kettle, add one cup of vinegar, one teaspoon of salt, lard the size of a walnut (beef drippings are preferable if you have them), a good sprinkling of pepper; cover with boiling water

How about the motor car service to Denison, gentlemen? Are we to go after it or pass it up?

Being content to run along in a rut has been the cause of thousands of life failures. The victims lacked the nerve necessary to blaze out a new road for themselves and the old ruts simply led to failure.

About the finest exhibition of nerve we have heard of lately was given in Illinois a few days ago by a 28-year-

old grass widow. She had won the heart of an 18-year-old boy and to enable her to marry him she had a guardian appointed for the kid who granted permission for the license to be issued.

It has been said that a man is not excusable on account of ignorance of the law. In Ada the entire population is in the ignorant class, so far as the city ordinances are concerned, for they are never published in any paper when passed, only the commissioners know what is on the books. If a man should be arrested for violating one of these laws, however, this fact would help him out little.

Representative Berry of McIntosh county has opened the fight on the state schools by introducing a bill to abolish the Durant, Ada and Weatherford normals. This would leave the three schools along the northern edge of the state, which would be handy for the Kansans, but extremely inconvenient for Oklahoma pupils. However, the chances are that the bill will never get out of the committee. Berry probably wanted a little notoriety and hit on this method as the quickest and surest way of securing same.

A Houston, Texas, woman is suing for a divorce on the ground that her husband captured her under false pretenses. She had accepted his offer of marriage, and after he had secured the license changed her mind. He then represented to her that a failure to use the license would mean a six months jail sentence for both of them, and rather than go to jail she married him. Later she found her error and now wants to be set free.

THE POPULAR VOTE.

The common belief that the presidential vote of 1912 was less than the presidential vote in 1908 is incorrect. According to the official figures compiled for the World Almanac the total vote this year was 15,033,669, as against 14,888,442 four years ago, an increase of 145,227 says the New York World.

But only the Socialists profited from this larger vote. They alone made gains, and very significant gains. The Debs vote in 1908 was 420,793; in 1912 it was 900,672, an increase of more than 100 per cent.

As for the Democrats, Wilson polled a total of 6,293,454, as against Bryan's total of 6,409,104 in 1908; a decrease of 115,650. Stranger still, the total vote cast for Taft and Roosevelt was less than the total republican vote in 1908. Taft's 1912 vote was 3,484,980 and Roosevelt's was 4,119,538. Together they, polled 7,604,518, which falls 74,390 under Taft's total of 7,678,908 four years ago.

Even the prohibitionists suffered from apathy. Their vote in November was only 206,275, compared with 253,840. This loss of 47,565 is nearly one-fifth of the 1908 total.

It is a curious fact that with the exception of New Hampshire all the New England states cast more votes in 1912 than in 1908. The middle states of New York, New Jersey and

Pennsylvania cast fewer votes in 1912 than in 1908, Ohio, Indiana, Illinois, Wisconsin, Nebraska and Iowa also took less interest in the 1912 campaign than in the 1908 campaign. The same is true of the border states, Kentucky, Tennessee and Missouri.

There is no uniform rule applying to the south. Alabama, for example, cast more votes than in 1908 and Georgia cast fewer votes. Texas showed a large increase and South Carolina a large decrease, while Virginia's slump was exactly 7 votes and Oklahoma's was 839.

The mountain states all showed an increase. Colorado, Utah, Wyoming, Montana and Idaho cast more votes than they did in 1908. By reason of woman's suffrage California's vote should have doubled, but her 1912 vote was only 673,527, as against 386,557 in 1908. Apparently nearly 100,000 qualified citizens of California remained away from the polls.

The most significant fact in all these returns is the increase and distribution of the Socialist vote. It is not a sectional vote, for the banner Socialist states in this election were Ohio, Pennsylvania, Illinois, California, New York, Oklahoma, Washington, Indiana Wisconsin and Missouri in the order named while in Idaho more than 10 per cent of the total vote was Socialist.

WAR SHIP SENT TO MEXICAN WATERS

Washington, Jan. 15.—The shifting character of Mexican rebel activities again was demonstrated today when it became necessary to dispatch the cruiser Denver from San Diego, Cal., to Acapulco, on the Southern Pacific coast of the republic, where American lives are reported to be in momentary danger because of a threatened rebel attack on that city.

Following representations of the Madero government that the revolution soon would be put down came reassuring reports from the Mexican states along the America frontier but hope of early pacification of the republic gave way as it became apparent that the federal forces were inadequate to cope with the rebels in the central and southern districts who have carried on their operations even in the very face of the seat of government.

Alarmed by reports from Consul Edwards, State Department officials today realized that strong measures were necessary and so called upon the navy to dispatch a warship to Acapulco.

Officials here no longer have a change in the fortunes of the Mexican Federal government through the consummation of the 40,000,000 pesos bond issue, for the authorization of which the Mexican congress has passed a bill. It is apparent that only sufficient money to purchase munitions of war in quantities sufficient fully to equip the federal forces can stamp out the hydra-headed rebellion through out the length and breadth of the long-troubled republic.

SHEPPARD MAY SUCCEED JOHNSTON JANUARY 28

Austin, Tex., Jan. 15.—Committees representing the "progressive" element in the Texas Legislature assert that they have unqualified pledges from 80 out of 142 members of the House to vote for Morris Sheppard to be United States senator for the unexpired term to succeed Col. R. M. Johnston, appointed by Gov. Colquitt, and similar pledges from eighteen out of the thirty-one members of the senate. Fifty-six of these pledges were given by members of the house in open caucus.

The "progressives" are confident that Mr. Sheppard will be elected. Consequently the wounds inflicted in their loss of the Speakership in the defeat in the senate today of the committee on committees and the prospective defeat in the house tomorrow of the same proposition are blamed to some extent.

They plan to so elect him on Jan. 28, and at the same time to elect him for the full term in the United States Senate, as well, lawyers concluding that the federal statute permitted of neither election on any different day. But for this statute the election for the short term would have been brought on earlier, for the sentiment prevailing in caucus was that Sheppard should be advanced to the senate at the earliest possible moment.

Joe Sprague has been busy today moving a part of the Sprague Bros. jewelry stock to the Ada Drug Co.'s store and will make headquarters there in the future. Harry Sprague will remain at the old stand at Ramsey's drug store.

TWO BOARDS OF AGRICULTURE

Disagreement in Method of Election Results in Split—Old Board Strong.

Stillwater, Okla., Jan. 15.—Two state boards of agriculture were selected Wednesday by the combating elements among the delegates to the state farmers' institute of Oklahoma, held here. One board represents the old board of agriculture, recently recalled, and the other board represents a combination of the discordant elements of the gathering. In the latter board is represented the socialist, the Campbell adherents and the other elements.

The old board selections, made in the afternoon are:

District 1—George Hinds, Westville; G. W. Vincent, Claremore.
District 2—Robert Scivally, Ardmore; J. H. Reach, Atoka.
District 3—W. T. Lehy, Pawhuska; John Favors, Guthrie.
District 4—J. C. Elliott, Pauls Valley; Tom Griffin, Marlow.
District 5—Roscoe Thomas, Boise City; J. H. Persinger, Stratford.

The selection of the "anti" element are:

District 1—George Vincent and G. W. Hinds (old members).
District 2—Charles E. Scott, Pottaw; J. W. Hubbell, Coalgate.
District 3—Ewers White, McLoud; G. M. Snyder, Okemah.
District 4—J. B. Swarts, Tillman; J. W. Allison, Greer.
District 5—J. B. Tosh, Kiowa; J. B. Wills, Greer.

Of the ten selections made by the old board faction, Hinds, Vincent, Elliott and Griffin are members of the old board, which was recently recalled under the Campbell Russell bill. All of the other selections are said to be friendly to the policies of the old board.

The selections were made in the district caucuses, with every indication that they probably will stand, with the exception of the fifth, district. The fifth district elections were clearly held by "strong arm" methods. O. A. Brewer, recalled member of the old board, got six delegates together, passed on four contests and selected the board members outside the meeting.

A meeting had been held and Thomas, elected board member, was elected secretary. He got the credentials of the delegates from the district and absented himself. When the regular

Seventeen of the regular delegates out of a total of nineteen later met and elected John G. Wills, who was a socialist nominee for United States senator in the last election, and J. B. Tosh, state president of the school land lessees organization, and a democrat.

Of the selections made by the anti organization, four are socialists.

BOLD HORSE THEIVES

Visit the Norris Farm and Make Way With Two Horses—Animals Recovered.

Some enterprising thief or thieves, got busy Wednesday night and made way with two of P. A. Norris' best horses. The animals were at the farm adjoining the city, and it is supposed that the thieves started with them about nine or ten o'clock. They went into the cotton field between the pasture and the road and the tracks indicated that they had some trouble in finding their way out.

As soon as the horses were missed this morning officers in every direction were notified, and about 11 o'clock Deputy Sheriff Lige Sanders of Konawa phoned that he had captured the horses and was only about thirty minutes behind the thieves. Their capture is regarded as certain.

It is supposed that the thieves spent part of the night at Asher, the officers at that place having reported that two men riding horses fitting the description of the missing ones left there early this morning.

NORMAL NOTES.

By Moike Cassidy.

Miss Margerite Cameron has been on the sick list, but will be already for the game tomorrow night with the University.

Pres. Briles is expected back tonight from Oklahoma City.

The 1913 class has undertaken the publication of a normal annual and the respective classes met today and elected one of their number to represent the class in the editing and publication. The following were chosen: First year, Alfred Vaden; Sub-Freshman, Virgil Cottingham; Freshman, Mollie Russell, Sophomore, Ralph McMillan and Juniors, Harvey Black.

The Seniors elected from their number the Editor-in-Chief Ola Davis, business manager, Max Brents; and an assistant business manager, Bernice Hodge. Further details of the organization will be worked out in the near future and the annual will begin to materialize. This is a creditable undertaking and will meet the hearty support of the student body.

The Populare party will be strong enough without having to lower itself to unite with any of the lower parties, so says Virgil Cottingham.

The Independent party became a reality Wednesday. There had been some intimation of such an organization but the conservative element had hoped that this element would be unable to center on one man. But this was done with no apparent difficulty and Virgil Cottingham will be the name submitted for the speakership by the Independents. To a man up a tree, he looks like a winner unless the Black and Brents factions combine. In any event, it seems certain that McCain's followers will shift to Black if he has a chance to win or vice versa and this may total enough votes to put one or the other over.

It seems certain that the Independents will not consider a combination with anyone. To combine with the republicans would ruin them and the party itself is a protest against Black and McCain. There are many who feel that Cottingham is a winner in a walk but it seems pretty certain that the man who wins will have to strike a faster gait than a walk. The dope sheet reads Cottingham today but it may read Black, Brents or McCain tomorrow.

The republicans held a preliminary caucus yesterday but there were no drippings that the reporters have been able to gather, hence no prophecy for the dope sheet. Brents will hold his followers to a man and whether he is elected speaker or not he will be a power to figure on in the deliberations of the house. The final caucuses will be held Friday by all factions; until then the dope may be upset at a moment's notice.

Mrs. Lauderdale, now of Sulphur, formerly a teacher of drawing in the Genesco Normal school in New York was a normal visitor yesterday.

REPORTED THAT HE WAS ROBBED

This afternoon John Farmer of Frisco reported that he was knocked senseless about noon today and robbed of \$70 which he had just drawn from the bank. He stated that the holdup took place between Main street and the oil mill. Officers were making an investigation as the paper went to press.

Farmer was examined by a physician, who reported that although the skin on his head was not broken, he displayed every other symptom of having been struck a hard blow. At all events, his money was gone.

NOTES FROM BAPTIST REVIVAL

Last evening at the First Baptist church, pastor Stubblefield preached another plain, strong, earnest sermon on "Faith." He pointed out that lukewarmness etc., comes from a lack of faith in God; that faith is built upon evidence; that God has furnished abundant evidence "That he is, and that he is a rewarder of them that diligently seek him." He said we receive the witness of men and wondered that we could not receive the witness of God which is infinitely greater.

There are no frills in this meeting, no effort to make a show. It is impossible to doubt that there is only one motive behind it and that is for the Glory of God and the good of his creatures.

Christian people of every other denomination are helping by their presence and prayers. There is a common interest, a tie that binds together Christian people. All are interested in the same King's business.

Each service is interesting, inspiring, helpful. Help us fill the house this evening for His sake.

A Wonderful Change—

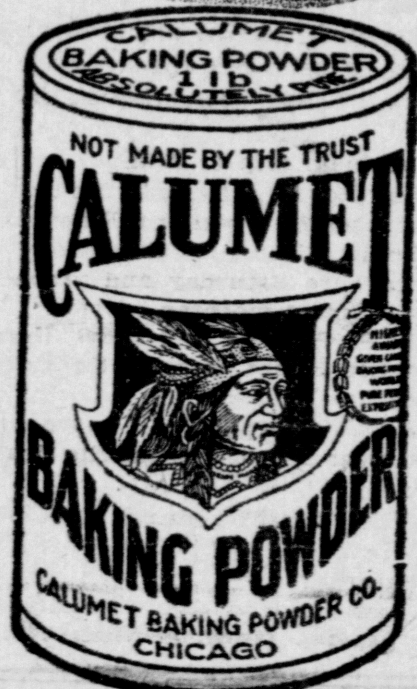

Compare today's methods of baking with the old days when Aunt Dinah used sour milk and soda and baked on the open hearth, and you'll find wonderful improvements. The most wonderful of these modern helps is—

CALUMET Baking Powder

Surprisingly better than any other brand. Never a disappointment. Your biscuits will be light and sweet—Your cakes will raise evenly and will retain that moist delicate sweetness for days. Calumet cakes don't dry out quickly. Calumet costs less than the Trust made kind—yet it's better—costs a little more than the cheap "Big-Can" brands, but it is worth the difference. Every spoonful does its work perfectly—no failures—no waste.

Buy a Can from your grocer today and watch your baking troubles disappear. If you don't get Calumet, you don't get the best.

RECEIVED HIGHEST AWARDS
World's Pure Food Exposition, Chicago, Illinois.
Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

U. S. Officers Recover \$12,000 Stolen From Louisiana.

Detroit Jewel Theft Causes Puzzle—Police Believe Substitution of Paste Glues Occurred Before Robbery.

Jersey City, N. J.—A chest containing \$4,800 in cash is in the possession of deputy United States marshals here, and the seizure is alleged to be part of \$12,000 which several petty officers of the battleship Louisiana stole while the vessel was in New York harbor.

The money was found in a search of the house occupied by connections of George P. Davis, who was a commissary steward on the Louisiana. Davis is alleged to be one of the conspirators and has been under court martial, according to local federal officials, at Norfolk, Va.

Detroit.—A thief entered the home of C. F. York in this city recently and stole a quantity of jewelry. The owner of the articles placed their value at \$3,000. Later it was discovered the jewels were paste. Mr. York insists the thief made the substitution since the burglary, but the police believe the jewels were stolen once before and that the first thief, to insure his escape, put paste in place of the real gems.

A man giving the name of L. W. Hassay and describing himself as a waiter from New York, has confessed, the police say, that he took the jewelry from the York home, but says he did not manipulate the stones. In fact, he is much incensed at the way he was cheated.

All the stolen articles have been recovered, part being found in pawnshops and the remainder in Hassay's room.

"I am certain the jewels never were stolen before," said Mr. York. "It is absurd to think they could have been taken, the stones changed and then returned without our knowing it."

However, the police are of the opinion the substitutions had taken place before Hassay appeared on the scene.

WALK OVER DEAD MAN'S BODY

Wedding Party Not Halted by Corpse After Flower Carrier Is Shot Down.

Johnstown, Pa.—George Muluski was a member of a bridal party that went sweeping down the street at Ralphston, Somerset county. He was a flower carrier. Frank Liesba was also a member of the party. He was a pistol shooter, it being his business to make lots of noise, signifying joy. Mary Flock and Walek Kwashnic were the happy bridal pair.

Muluski, the flower carrier, got in the way of Liesba, the pistol shooter. One of the pistol shots that signified joy killed him. His flowers dropped out of his hands as he tumbled into the street.

As he was leading the procession it was necessary for the rest of the party to step over his body if they kept right on going. That was what they all did. Mary and Walek were duly married without any further trifling interruptions.

In the return from the church the bridal party picked up the dead man. The joyful pistol shooter hunted up a constable and surrendered and some one picked up the carrier's flowers and placed them on the table to adorn the wedding breakfast.

Predynastic Implements and Ornaments Also Unearthed by Archaeologists' Excavations.

London.—Reports have reached here of the discovery near Luxor, Egypt, of a tomb which contained one of the most valuable collections of predynastic implements and ornaments ever found. The tomb contained the dried-up remains of a man lying in the semi-embryonic position.

As the Neolithic Egyptians did not embalm their dead, the body was nearly crumbled up from the weight of a stone slab which had been dislodged from its position as the covering of the tomb. With the body were found a unique double-edged bronze sword in such an excellent state of preservation that the cutting edge remains sharp; several long arrow heads, also in bronze; two gold hair rings, and a lot of the well-known predynastic pottery.

The tomb was probably that of one of the warriors of the first dynasty, during which period the use of bronze was discovered in upper Egypt. According to this theory the body is about 6,000 years old.

Seattle Man Loses Two \$500 Rings in Highway During Scuffle With Woman.

Portland, Ore.—Frank Daugherty, a Seattle promoter, spent an afternoon vainly sifting the dust of Linnton road, near Portland, for two \$500 diamond rings he lost, when in company with Edward Ostner, a wealthy Boise contractor, and two women, he was returning from a round of the roadhouses. Daugherty had loaned the rings to one of the girls, but she was slow in returning them when he demanded. Then, the story is, Daugherty snatched at them and they were lost in the scuffle.

Gould Wedding Date Fixed.

New York, Jan. 15.—The date for the marriage of Miss Helen Miller Gould to Finley J. Shepard of St. Louis, has been definitely set as Wednesday, January 22. The ceremony will be performed at Miss Gould's country place in Tarrytown at noon and will be witnessed only by a small gathering of relatives and intimate friends, including some of her old neighbors in Tarrytown and Irvington.

An orchestra of forty pieces will provide an elaborate musical program, but other wise the wedding will be simple. The ceremony will be followed by a breakfast, but other details have not yet been settled.

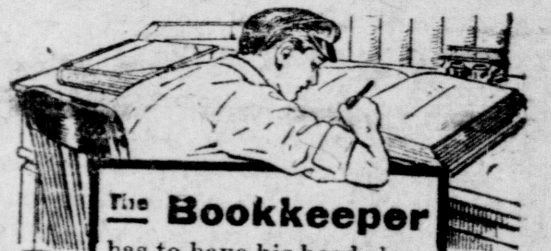

Miss Gould's brother-in-law and sister, the Duke and Duchess Tallyrand, sailed from Liverpool last night on the Mauretania to be present at the wedding. Conspicuous among the gifts probably will be those from railroad, army and navy branches of the Young Men's Christian association, all of which owe much to Miss Gould's philanthropy.

Regret Noted Actor's Retirement.

London, Jan. 16.—Congratulations aplenty poured in upon J. Forbes-Robertson today to remind him of his sixtieth birthday anniversary. Mingled with the felicitous greetings, which came from friends and admirers on both sides of the Atlantic, were many expressions of regret over the prospective retirement of the noted actor, who has announced that the coming season will be his last behind the footlights.

HEARINGS IN MOTION PICTURE TRUST CASE

New York, Jan. 16.—Before Edward Hacker of Philadelphia, sitting as a special examiner by appointment of the United States District Court, the taking of testimony has been commenced here in the government's suit against the so-called motion picture trust. The purpose of the suit is to dissolve the combination on the ground that its existence is in violation of the Sherman anti-trust law.

The case is regarded by the government as one of its most important anti-trust suits because it brings squarely to issue the relation of the patent laws to the Sherman statute. Ten prominent motion picture concerns are accused of combining to monopolize the business through the Motion Picture Patents Company, a corporation organized for the purpose of holding patents, and the General Film Company.

The marvelous growth of the motion picture business in the past decade and the fact that no village is too small to have a picture show brings the matter close to the hearts of the people. It is estimated that a sum greatly in excess of \$100,000,000 represents the aggregate of investments in the different branches of the business, divided among the manufacturers of the cameras, films and exhibiting machines, the rental exchanges and the theater owners.

The Motion Picture Trust made its appearance in 1908 at which time there were ten manufacturers or importers, about 100 rental exchanges and 6000 exhibitors. The keenest competition existed at that time. As a result the manufacturers undertook to combine under the new scheme of patent control. The government charges that in pursuance of this plan the Motion Picture Patents Company was incorporated in New Jersey, and to it the manufacturers assigned their patents, under provisions guaranteeing the companies certain royalties.

From the patents company the manufacturers took back licenses, binding themselves so that only licensed films could be used and then only in licensed machines. Royalties of \$2 per week were to be collected and no more films were to be sold, but only leased. The allegation is made that under the new plan the prices were gradually increased until at the present time the exhibitor pays more for the rental of a film than he formerly paid to buy it outright.

All rental exchanges were required to enter into license agreements, with the result that many were driven out of business. The exhibitors were divided among the different exchanges and each exhibitor was required to obtain his entire supply of films from one exchange.

In 1910 the trust started out to monopolize the rental exchange business and organized the General Film Company, which proceeded to acquire the business or cancel the license of every rental exchange in the United States except one. It bought

out fifty-seven exchanges, for which it paid upwards of \$2,000,000 in cash and notes and nearly \$8,000,000 more in preferred stock. At the same time the patents company canceled the licenses and thus drove out of business about fifty exchanges, with the result that of all the exchanges doing business when the trust was organized four years ago, only one, the Greater New York Film Company, survives.

The patents company absolutely controls every branch of the business according to the government's allegations and if an exhibitor's license is cancelled he cannot obtain pictures in the United States. What is claimed to be one of the most iniquitous features of the combination is its deadly grip on the motion picture theaters. Its power enables it to open or close a theater in any part of the country at will. The charge is made that in many of the large cities certain houses enjoy the favoritism of the trust, because the officers and members of the combine have financial or other interests in them, and that in order that the favored houses may enjoy the limit of profitable business other houses that might interfere with that business have been summarily forced to close their doors.

The trial of the government's suit against the trust is expected to extend well into President Wilson's administration. After taking testimony here Examiner Hacker will conduct similar hearings in Chicago, Philadelphia and several other cities. The defense, it is understood, will be based wholly upon the claim that the defendant companies are merely exercising the lawful monopolies of their patent rights.

AWAY WITH CATARRH A FILTHY DISEASE

A Safe, Old-Fashioned Remedy Quickly Relieves All Distressing Symptoms.

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sores in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends by constantly hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste and smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing, antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you, and a 50-cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it from your druggist today. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

The Newsboy.

(A thoughtful friend of the carrier boys sent the following verses to the News.)

Be thoughtful of the newsboy
When he comes thru sleet and snow,
And kindly throws your paper
Right at your front door.

Don't open the door and peep out,
Your paper you don't see,
Fly to the telephone and call up
To see what the trouble might be.

Just think of his hands all frozen and stiff,
As he from house to house goes round,
And don't complain if for once
You have to step out upon the ground.

Be thoughtful of your newsboy,
Be sure and pay him up,
Don't tell him after he's called a dozen times,
That the paper he may stop.

Altho it's stopped,
You owe the same,
And if you don't pay
He gets the blame.

Be thoughtful of your newsboy,
He has a hard lot,
And don't expect your paper
Thrown in the same old spot.

If I was the newsboy,
You would sure get licked,
If you didn't look,
Before you made a kick.

I tell you why I take this space,
Ask that you talk to your newsboy
face to face,
If good don't come more times out of twenty.

Then call up the boss, he'll do a plenty.

Be thoughtful of the newsboy,
Give him his dues in your possession
Remember that's the only way
He gets his commission.

In this old world, yes, all over the land,

We always have some who are going to raise sand,
No matter what you do or say,
They are there with the goods the Dickens to pay.

So now the New Year try to resort
Never again the newsboy to report,
Until at least you know there's a need.

But be sure you are right and then proceed.

The Chamber of Commerce of Oklahoma City poured oil on the troubled waters caused by the row between the Oklahoman and its advertisers and brought about a peaceful settlement, the advertisers agreeing to accept an advance of 10 per cent in rates. However, the troubles of the Oklahoman are not quite over, for one big concern now sues for \$15,000 claimed as damages on a contract it had with the defunct Pointer which it wanted the Oklahoman to carry out.
